Instructions for filming your entry:

Entry cards will be available September 10th at 8am est time. Please show this card at the beginning of the video you are filming. Entry cards will be available on the Facebook page, the website and can be sent directly to your email. Please let Mike know if you'd like it sent directly to you.

The camera is to stay stationary while the animal moves around giving the judge the most complete view possible. Ideally the animal will move along about 20 feet from the judge. Essentially, we are trying to mimic having a judge in the ring while you move your animal. Please review the attached sample video if you have any questions.
