

Pride of the Park V Sale and Benefit Auction

On a beautiful evening on October 6th, 2023 approximately 200 British White Park enthusiasts gather on the Wenger Farm in Myerstown, PA for an evening filled with friendship, conversation, a beef cookout and the 5th edition of the Pride of the Park Sale! There were 52 registered bidders onsite and 62 more online representing 21 states. They looked over the offering of 56 head of American British White Park Association registered cattle consigned by 12 breeders. When the bidding concluded and the clerks completed their tally the results were as followed:

| | |
|-------------------------------|---------|
| 4 Bred cows averaged | \$3,225 |
| 7 Bred Heifers averaged | \$2,850 |
| 8 Percentage Females averaged | \$2,425 |
| 31 Open Heifers averaged | \$2,475 |
| 6 Bull Calves averaged | \$3,400 |

The offering included show prospects, good purebred breeding stock and some for the commercial breeders as well. Terra Rubra Farms from Keymar, MD consigned some top-quality animals and they had the high selling Bull Calf at \$7,600 and the high selling Heifer Calf at \$5,600. We believe these are both records for the breed.

In addition to the cattle sale we also held an auction to benefit our junior members. The items auctioned brought in \$1,235. We appreciate everyone who donated and purchased these wonderful auction items.

Thank you to all the consignors and buyers for your support!
